## 40 SHIPS IN DARDANELLES WESTERN PACIFIC TO ASK RECEIVER

### FINANCIAL CHANGE IS PLANNED

Directors of the Denver  
& Rio Grande Take  
Action

The Railroad Unable to  
Meet Payment on  
Bonds

NEW YORK, Feb. 27.—Application for a receiver for the Western Pacific Railroad will be made after the railway will have defaulted the interest on its first mortgage bonds due March 1st, according to announcement made today after a meeting of the directors of the Denver & Rio Grande Railroad Company, which controls the Western Pacific. The proceedings, it was said, will be of a friendly nature.

This method, it was said, has been decided upon as the best course to pursue in adjusting the company's financial difficulties and its relations with the Denver & Rio Grande Railroad. Bankers representing security holders of the two properties were to meet this afternoon to discuss the situation. It was said that after the meeting a statement would be issued in their behalf.

The Western Pacific railway was incorporated by the Gould interests in California in 1902, its main object being to give the Gould system of railroads, then at its height, an outlet to the Pacific coast.

The line was to extend from San Francisco and Oakland to Salt Lake City, a distance of slightly more than 900 miles, with a number of small branch lines in California. Connection was formed with the Denver and Rio Grande railroad, which controlled the company through stock ownership, at Salt Lake City. The Western Pacific was turned over to the operating department of the Denver and Rio Grande railroad in July, 1911.

The following year arrangements were made with the Denver and Rio Grande and banking interests identified with the latter property to place at the disposal of the Western Pacific the proceeds of \$2,500,000 Denver and Rio Grande railroad new issue of 7 percent adjustment bonds. This money was used to improve the Western Pacific's main line at and around Sacramento, Cal.

Western Pacific's capital stock amounts to \$75,000,000, of which the Denver and Rio Grande railroad owns \$30,000,000.

Its bonded debt includes \$50,000,000 first mortgage 5 per cent gold bonds and \$25,000,000 of second mortgage sinking fund 5 per cent gold bonds.

The fate of the Western Pacific road excited little surprise in financial circles, where its precarious condition was a matter of general knowledge.

### FORTS ON ASIAN SHORE OF STRAITS MADE RUINS BY ARMADA CANNONADE

Defenses Deemed Impregnable Fall as  
Fleets Press On Toward City of  
Constantinople

By Associated Press.  
ATHENS, via London, Feb. 27, 5:20 p. m.—An allied fleet aggregating forty warships today penetrated the Dardanelles straits as far as Hortari and within range of Fort Intepo on the Asiatic side, according to reliable information reaching here today. Fort Intepo was destroyed. Various Turkish encampments also were bombarded. The ships are now within range of Fort Dardaneos. A French squadron is cruising under the forts at the entrance to the straits, which are now entirely dismantled.

### ARMADA IS IN STRAITS

By Associated Press.  
PARIS, Feb. 27, 11:15 a. m.—The Athens correspondent of the Matin has forwarded the following: "After the complete destruction of the forts at the entrance to the Dardanelles, the allied fleet penetrated the straits and shelled the inner forts. It proceeded down the Dardanelles fourteen miles from the entrance."

### SEA FIGHT GOES ON

By Associated Press.  
LONDON, Feb. 27, 12:15 p. m.—A fleet of British and French warships continues to hammer away today at the door of the Dardanelles, the straits which close Russia's rich granary, and the very real necessity of releasing the huge supply of wheat on the shores of the Black sea causes the general belief that the present attack on the Dardanelles forts is a serious undertaking and not merely a demonstration. Official announcements declare that after the reduction of the four outer Dardanelles forts, mine-sweepers went to work within the straits under the protection of the guns of the fleet, while unofficial dispatches from Athens and Rome assert that at least one French warship actually has penetrated the passage.

GERMANY RETICENT.  
Germany remains silent regarding her share in the military operations, both in the east and in the west, while Austria-Hungary declares that Austrian and German forces are holding their own in the Carpathians and in eastern Galicia.

Petrograd, less reticent, announces a repulse of German attacks in north Poland, with heavy losses, as a result of the desperate fighting of the last few days the Russian general staff claims to have forced back the Germans along a front of twenty-five miles in the Przasnysz region. The impression is growing in England that the German advance in East Prussia is due mainly to political and economical motives, and consequently it is without great strategic effect on the eastern campaign as a whole.

In the west the French continue to clear the German forces from the district, with quiet prevailing along the rest of the line.

### Rock Island Stock Manipulations Told

By Associated Press.  
CHICAGO, Feb. 27.—James Speyer, head of the New York banking house of Speyer & Company, made a voluntary statement before the Interstate Commerce Commission today of his firm's dealings with the Rock Island system during the period of its history under investigation. The firm never had occupied the position of fiscal agent for the railroad, he said, but acting as a principal had bought and re-sold between 1904 and 1912 securities of the Rock Island Company itself of some \$170,000,000 face value.

The total profit on these transactions for his firm, Speyer said, was \$1,425,742 or eight-tenths of 1 per cent. Not all of the firm's transactions in Rock Island securities had resulted in profits, Speyer added.

Counsel for the commission had closed the commission's direct case with the testimony of Ogden Mills, a director of the Rock Island Railroad Company, and of the New Jersey holding company, Mr. Mills said he had no personal knowledge of the various payments in stock or bonds in addition to salary made to various officers of the Rock Island system. Testimony for the railroad followed. Henry Moebe, president of the Rock Island, discussed at length the physical condition of the system, disagreeing with reports of poor condition already filed in the hearing.

Oakland Lands Three  
More Conventions

Three new conventions for Oakland were announced at headquarters of the Chamber of Commerce Commercial Club this morning. The first, the National Association of State Superintendents and Inspectors of Rural Schools, will meet in the Auditorium before the N. E. A. convention goes into session. The third, the American Association of the Deaf, will meet late in August.

British Again Suffer  
From Attack of the  
Enemy

By Associated Press.  
DIEPPE, France, via Paris, Feb. 27, 3 a. m.—It is reported here that a British merchant ship had been torpedoed in the English channel off Saint Valery-Sur-Somme. A French torpedo-boat destroyer has gone out from Dieppe to the assistance of the British ship.

### INNER FORTRESS BOMBARDED

By Associated Press.  
LONDON, Feb. 27.—The allied fleet has bombarded inner forts of the straits of Dardanelles, according to an Athens dispatch to Reuters Telegram Company.

The fire directed upon Fort Dardaneos is said to have been particularly severe and the Turkish reply feeble.

The Sedd-el-Bahr lighthouse, at the entrance to the Dardanelles, is in flames. The fort of Dardaneos is the first to be passed after those which guard the entrance of the straits.

### AUSTRIAN ADVANCE CHECKED

By Associated Press.  
LONDON, Feb. 27, 3:15 p. m.—The Austrian advance in eastern Galicia has been checked and the Russians, driving back their opponents, have recaptured Stanislaw and Kolomea, says the Evening News in a telegram from Hertz, Rumania.

Heavy fighting preceded the recapture of these two towns. The Russians occupied Stanislaw yesterday. Advancing in force from that point they attacked the Austrian position at Kolomea. The Austrians offered determined resistance, but the Evening News says, finally were forced to give way.

Although it has been reported unofficially that Austrians had captured Stanislaw, as is indicated by the foregoing, no such admission had been made by the Russian war office. Stanislaw, situated 75 miles southeast of Lemberg, is a pivotal point for the Austrians to recapture the province of Galicia. Recent reports indicated that they had made considerable progress.

### AEROPLANE FLEET ATTACKS

By Associated Press.  
PARIS, Feb. 27, via London, 3:55 p. m.—A squadron of German aeroplanes has bombarded the district behind Newport. An official note given out here today says that only two casualties were reported, a woman and an old man having been either injured or killed.

The note also states a French aviator dropped three bombs on the German barracks at Metz, Lorraine.

HUGHES GIVES  
HARD RACE  
IN ONE

SAN FRANCISCO, Feb. 27.—With one-half of the 400 miles behind him, D. Resta, driving No. 9, led a field of 30 starters in the Grand Prix automobile race for \$8000 in cash prizes at the Panama-Pacific international Exposition today. His average time was 57 miles an hour.

The race started at 10:30 a. m. and was expected to end about 6 p. m.

Hughes Hughes was second in No. 28, Alley, in No. 2, third; Wilcox, No. 20, fourth; Rockwell, No. 6, fifth; Carlson, No. 22, sixth.

Five cars were withdrawn before the start and at the middle of the race six more had dropped out.

Rain fell for half an hour, starting an hour after the beginning of the race. A great part of the course is asphalt and it became as slippery as ice for almost an hour.

The driving of Hughes Hughes, in No. 28, an old midget-over-car, was regarded as the outstanding feature of the race at mid-time. By the thirty-fifth lap he had worked to the front and was holding his lead a dozen laps later.

For the first ten laps the average

Forecaster Promises  
More Rainy Weather

SAN FRANCISCO, Feb. 27.—The northern storm which threatened to descend on California today arrived early this morning, and between midnight and 5 a. m. 1.5 of an inch fell at

San Francisco. The rain moved rapidly southward, and the forecast for the next 24 hours is cloudy and unsettled weather, with showers.

Forecaster G. H. Willson believes that the rain will be general in this section, but does not expect a heavy precipitation. The storm has been on the northeast coast and began a southerly movement yesterday.

Disabled Liner Is  
Limping Toward Port

NEW YORK, Feb. 27.—The Allan line steamer Mongolian, which sent out a wireless call yesterday for help because she was leaking badly, 400 miles off the coast of Nova Scotia, is heading for Halifax under her own power and should reach there tomorrow, local agents of the line announced here today.

The United States coast guard cutter Seneca is conveying the Mongolian, which has aboard 200 passengers bound for Glasgow.

Two hours before 10:30 a. m. the time set for the start of the race, more than a score of the drivers were in the pit tuning up their high-power cars for the terrific flight around the four-mile course.

At 10:30 the course was cleared and closed to all but the race entries and a few of the long, lean cars began to thunder around the track in trial spins. The entry list was not sifted down to its final standing until half an hour before the starting signal was given. Five cars were withdrawn, leaving thirty starters in the race.

At the end of the tenth lap, Resta, No. 9, led, followed by Cooper, No. 8, and Ruckstell, No. 6. Behind him was Resta, No. 9, time 13:12. The other leading cars followed in the following order: Alley, No. 2, went to the pit. De Palma, No. 22, Grant, No. 20, Herne, No. 21 and Oldfield, No. 1. De Palma had worked up from far back in the start.

At the end of the twelfth lap, Resta, No. 9, led, followed by Cooper, No. 8, and Ruckstell, No. 6. Behind him was Resta, No. 9, time 13:12. The other leading cars followed in the following order: Alley, No. 2, went to the pit. De Palma, No. 22, Grant, No. 20, Herne, No. 21 and Oldfield, No. 1. POET? YES! SURE HE IS! STAGE BEAUTY IS LOSER

TEXAS GUINAN.

Verses Win Author Texas Guinan's Scarab

Can a funny actor be a tragic poet? He can—and get money thereby—for this poet can either sell his verse or bet that he can write them.

The poet in question and the hero of the story is John T. Murray, leading comedian with the "Whirl of the World" company and noted as a poet. Miss Guinan is in the same company. She had seen his poems, but thought it was another John T. Murray. Murray laid claim to the verse. She laughed. The bet followed.

Then he produced other verses, checks and the usual evidences of a successful poet, and thereby came into possession of Texas Guinan's famous scarab, which she herself found on a tomb in Egypt.

Plans are being completed for the last of a series of three dances which will be given at Maple hall on Thursday evening, March 11, by Ahmes Temple.

CAPLAN LOCKED IN SOUTHERN JAIL

Denies Charges: Will Face His Accusers, He Says: Schmidt on Way.

By Associated Press. LOS ANGELES, Feb. 27.—David Caplan, extradited from Port Orchard, Wash., under a charge of murder in connection with the dynamiting of the Los Angeles Times in October, 1910, arrived here at 10 o'clock this morning.

Caplan, who is small and near-sighted, said he kept a grocery store in San Francisco about 1910, and knew Schmidt then, but denied acquaintance with Otto McManis or the McNamara brothers.

HURRIED FROM OAKLAND. Hurried through Oakland to Niles, then shot to San Jose, where the "Lark" special met the detectives, and hurried on to Los Angeles, David Caplan, accused of complicity with the McNamaras in blowing up of the Times building in the southern city, was lodged in the Los Angeles county jail.

NEW CHARGES MAY GROW OUT OF PINKERTON CASE. Irene Pinkerton, the pretty girl brought back from Oden on the complaint of Allen King, a theatrical manager, that she had taken him a diamond ring valued at \$200, was certified to the county court by Police Judge Smith today when testimony proving that she is only 16 years of age was introduced.

CHARGED WITH ROBBERY. SAN FRANCISCO, Feb. 27.—Following a robbery in the hallway of the hotel at 63 and 64th streets, this morning, Walter Coffey and Edward Cahill were arrested and charged at the southern police station. David J. Davidson, a lodger in the house, declared that he was in his room and answered a knock on the door to find the two men.

Facts for Voters

The city charter, AS IT IS, must be obeyed by every official. If there be faults in it, the people have the power to amend it.

An early-understood monthly statement of the city's finances should be published.

Strictly business methods, to the complete elimination of any and all political expediency, must be followed in every official transaction.

The harbor must be managed so as to return an immediate income commensurate with its cost and possibilities.

The strictest economy must be practiced in every department.

The carrying out of the above will automatically reduce the tax rate and encourage new investments.

Official Report of Special Committee of the Concrete Contractors' Assn., San Francisco, I. D. Bluxome, Pres., Geo. S. S. McCallum, Sec., to Report on Senate Bill No. 10.

San Francisco, February 23, 1915.

To the CONCRETE CONTRACTORS' ASSOCIATION, San Francisco, Cal.:

Gentlemen:—

Your committee has investigated the Cement Container Bill, Senate No. 10, now before the State Legislature, and wishes to report the following:

1. That the bill is presumably a health measure, but in no way does it affect the 3200 men employed in the manufacture of cement in this State. The condition of the man who packs the cement is not changed, while the man at the concrete mixer will be obliged to empty not only the cloth sack, but a paper sack as well, making more dust.
2. That 90% of 90,000,000 barrels of cement manufactured in the United States last year was packed in cloth sacks, as is customary in this State.
3. That not 1% of the time of the stevedores in California is employed in loading cement.
4. That nearly one-half of the men employed in the manufacture of cement have been at the mills for over five years.
5. That no State in the Union in which cement is made has a law that directly applies to the manufacture or packing of cement.
6. That there are no statistics showing that cement is injurious to health, but there are statistics that it is not injurious.
7. That it will increase the cost of concrete construction in this State from \$750,000 to \$1,000,000 annually.
8. That such legislation is wholly unnecessary; therefore, we strongly oppose the passage of the Cement Container Bill.

Yours very truly,

the people was as follows:  
Ayes — Commissioners Christian Hoff-  
man, John A. Wilson, Mayor Charles D.  
Turner and Commissioner E. Q. Turner and  
Noes — Commissioner T. Harms.  
The vote was taken on the new anti-

ordinance recently laid before the council by Attorney J. O. Davis which provides against the delivery of liquor to bar-keepers, but exempts drug stores and manufacturing institutions and persons engaged in liquor for their own use. Commissioner Hoff, in moving to refer the ordinance to the committee on finance, declared he was not referred to the sentiment of the whole council was entirely against the present management. He was unwilling, he declared, to accept the sentiments of a persons who attend the council as being as indicative of the general sentiment.

**ANNUAL CLUB GAME.**  
BERKELEY, Feb. 27. — For the 11th  
time in the history of the University of  
California Glee club, the tenors will cross  
swords with the basses of the organization.  
The club makes its annual trip to  
Berkeley to appear before the Yountville  
audience in the capacity of musical en-  
tainers.  
The contest will take place in the af-  
ternoon and will precede the concert.

## RAW, SORE THROAT!

And MUSTEROLE won't blister like the old-fashioned mustard-plaster. Just spread it on with your fingers. No need for a mustard-bath or a mustard-bath.

penetrates to the sore spot with a little tingle, loosens the congestion and draws out all soreness and pain. MUSTEROLE is a clean, white ointment made with oil of mustard. There's nothing like it for quick relief. Sore Throat, Bronchitis, Tonsillitis.
